PIGS AND JACKASSES

You and I, just normal people
Trying to ride out the storm
Clinging to big old dreams
That end up down the shitter

The pigs are flogging their potion
In speeches soaked in poison
Every word that they spit
Stained with the colour of lies

Between pigs and jackasses
That's where we fucking stand
Confused and lost in the nonsense
In the ocean of ignorance

Jackasses buy the poison
And drag us down with them
Dancing along to the politics
Flushing their votes down the drain

Between pigs and jackasses...

SCUM

Corruption, kickbacks
Embezzlement, bribery
Influence peddling
Illegal campaign funding

Political scum
Scum in suits
Street scum
Scum in power!

Nepotism, cronyism
Abuse of power
Backroom deals
Fraud, manipulation

Dodgy dealing, deception
Sweetheart deal, forgery
Abuse of office, looting
Dividing the spoils

Political scum. Scum in suits...

LAMBS TO THE SLAUGHTER

Far off the ranks are forming,
broken bodies and hollow eyes.
Innocent souls, drained of all colour,
now just waiting for the end.

Like lambs to the slaughter,
no screams and no resistance.
The story's already written,
only submission now.

They move in single file,
no questions and no direction.
Cops on either side,
like a herd led to extinction.

Like lambs to the slaughter,
no screams and no resistance.
The story's already written,
only submission now.

Like lambs to the slaughter...

DEMOCRACY

We march in step and keep the line
Our path is drawn in stone
Eyes wide open all the time
Big dreams are closing in

Total control of the fold
These are days of revolution
Total control of the fold
These are days of revolution

The system's rotten through
It's just a fool's parade
Democracy won't fix a thing
Your vote's a muzzle on your voice

Total control of the fold
These are days of revolution
Total control of the fold
These are days of revolution
